

About Us

Blue Sky Logistics is a company specializing in Sea , Air , Road , Custom Clearance and other forwarding, and providing comprehensive logistics solutions in the cargo transport sector around the world. We offer safe door-to-door transport of goods based on Sea , Air and Road . We integrate various types of means of transport, offering a service strictly tailored to the needs of our clients. As a rule, sea shipping involves several means of transport, which is a multi-faceted, complex transport process. Transport of FCL, LCL containers, general cargo, dry and liquid bulk goods and oversized cargo by sea is one of the main elements of the Blue Sky Logistics offer. Excellent knowledge of complicated procedures and extensive experience in the transport of cargo by sea enable us to cope with the most difficult tasks, even if the forwarding takes place on an intercontinental level. Of course, we also transport cargo by sea on shorter - international routes. Due to the organization of transport, we provide modal and intermodal sea forwarding services. As there are no borders for us in the field of transport services, we undertake even the most demanding orders. The Blue Sky Logistics team consists only of specialized and experienced employees who will provide professional service and forwarding consulting. Our goal is maximum customer satisfaction by providing the highest quality services at the most attractive price.

Blue Sky Logistics is a fully licensed domestic and international Freight Forwarder that uses cutting-edge information technologies, unparalleled expertise and a growing international network of agents and neutral co-loaders providing a worldwide presence to provide global manufacturers, distributors and retailers with visibility and control of their shipments and end-to-end supply chain solutions.
